

Volunteers Wanted for Research

Volunteer for medically-supervised research at the
UCLA Center for Human Nutrition for the

*Study of dietary
Composition
In Crohn's Disease*

YOU MAY BE ELIGIBLE IF YOU ARE:

- Between the ages of 18 to 75
- Have Crohn's Disease (prior biopsy-proven) with mild to moderate symptoms

Your participation will last 9 weeks with 4 clinic visits and 2 video teleconference visits. The first visit is a screening visit to ensure you are eligible for the study. Visits include blood tests, stool collection, body weight, surveys, and diet assessment and diet counseling. This is a randomized study, where you will be assigned to one of two groups. You will have a 1 in 2 chance of being assigned to one of two varying diets.

You will be paid up to \$150 for your participation.
